

Dear Friend,

I am requesting your participation in a very important North Texas event. Our 2016 Casino Night will be held on March 12<sup>th</sup>, 2016 at Gleneagles Country Club, to benefit *It's a Sensory World!* whose mission is to provide safe, affordable, and multi-sensory educational, recreational and therapeutic services for children of all abilities and their families. Our student population includes those with Autism, Down syndrome, Communication and Sensory Processing Disorders and other special needs.

This beautiful and fun evening includes dinner, music, casino tables and meeting new friends. We really hope you will consider being a sponsor for the event. **Enclosed you will find details of sponsorship levels.**

Your support will help North Texas children make huge strides in every area from independent skills like self-care and feeding, to academic skills and communication. *It's a Sensory World!* is important to our children and families because these programs are not available anywhere else in North Texas. Our goal is to support the entire family in their child's rehabilitation process. Our huge sensory gym is the center piece of our intervention methodology and helps our children develop gross and fine motor skills while keeping them well-regulated to being successful learners in the classroom.

Since 2007 we have offered programs that bridge the gap between therapy, school, home, and main-stream recreation. I would love to give you a tour of our programs so that you can see for yourself what your generous sponsorship will provide. Please let me know if you have any questions or would like to set up a time to learn more about our program or tour our facility.

Awaiting your kind response.

Rekha Suryanarayana  
Executive Director

*"Our family has benefited from the programs at It's a Sensory World! since 2011. Our daughter's speech and language have blossomed since becoming a student in the program. She has been exposed to so many different things that have helped her become better-rounded and boosted her confidence. We look forward to the school sharing more experiences with her and helping her realize her full potential. We have had a great past with the It's a Sensory World's ISW Academy and are excited about an even greater future!" – Jon and Heather Mannings*
